This is Mark, Dee and Ella's farm.

Ella helps her mum and dad on the farm.

This is the hen coop.

hen coop

In the morning, Ella checks the hens.

She picks up the eggs.

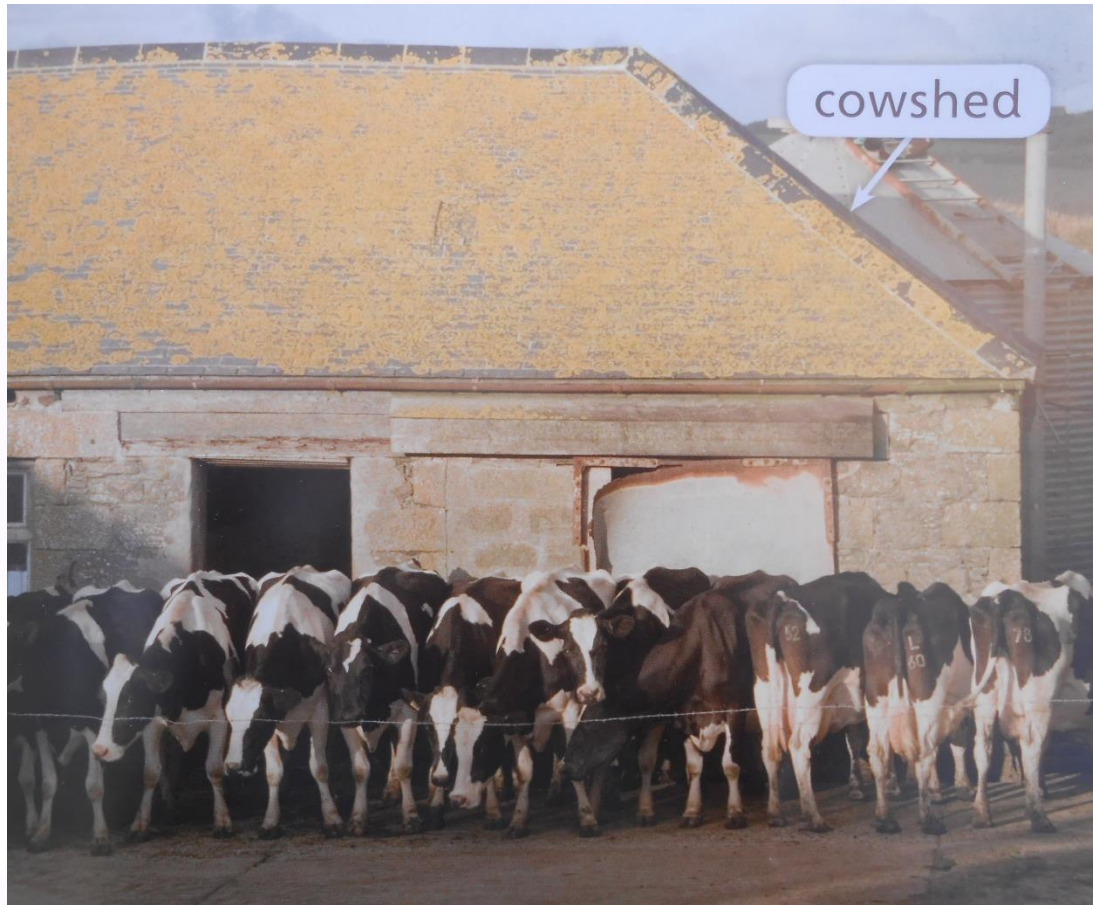

**Dee packs up the
eggs.**

She sells the eggs at the market.

This is the cowshed.

Mark feeds grain and corn to the cows.

Now Mark milks the COWS.

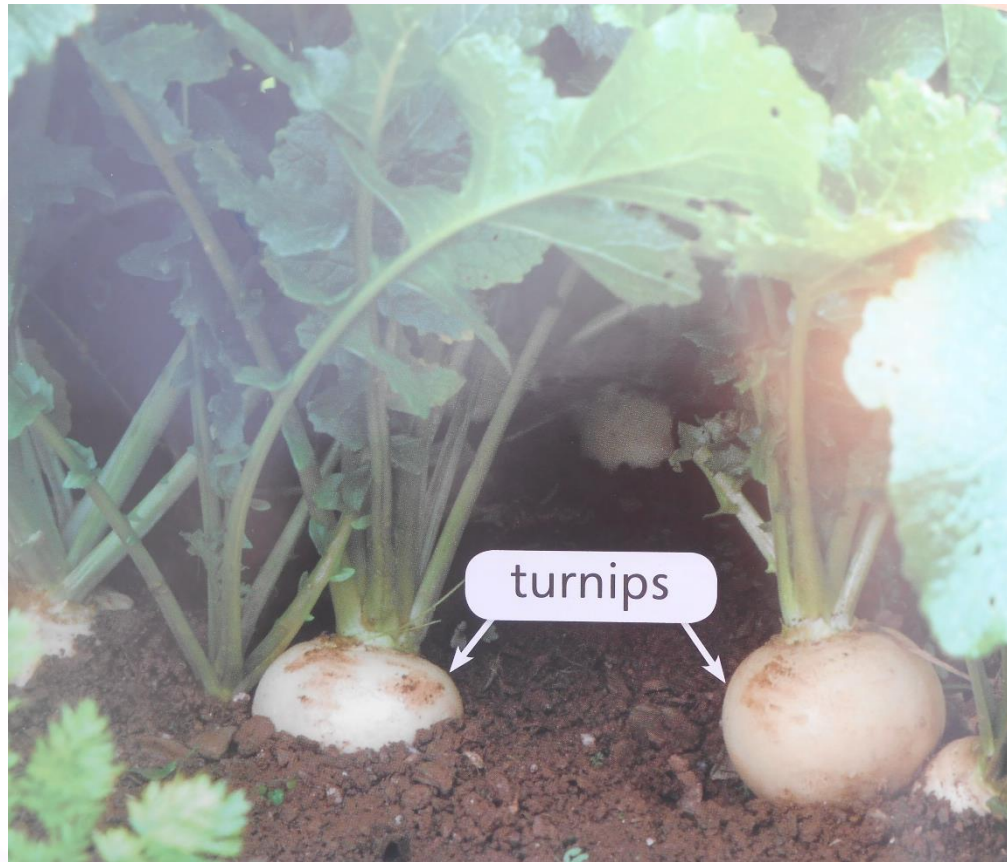

He sells the milk to a big shop.

The soil on the farm is good.

Dee can harvest lots of crops.

Dee will sell the turnip crop at the market.

Can you see the things from Ella's farm?
