Looking at fish

Let's look at the fish!

Get set....

...go!

We can go on this ship to visit the fish.

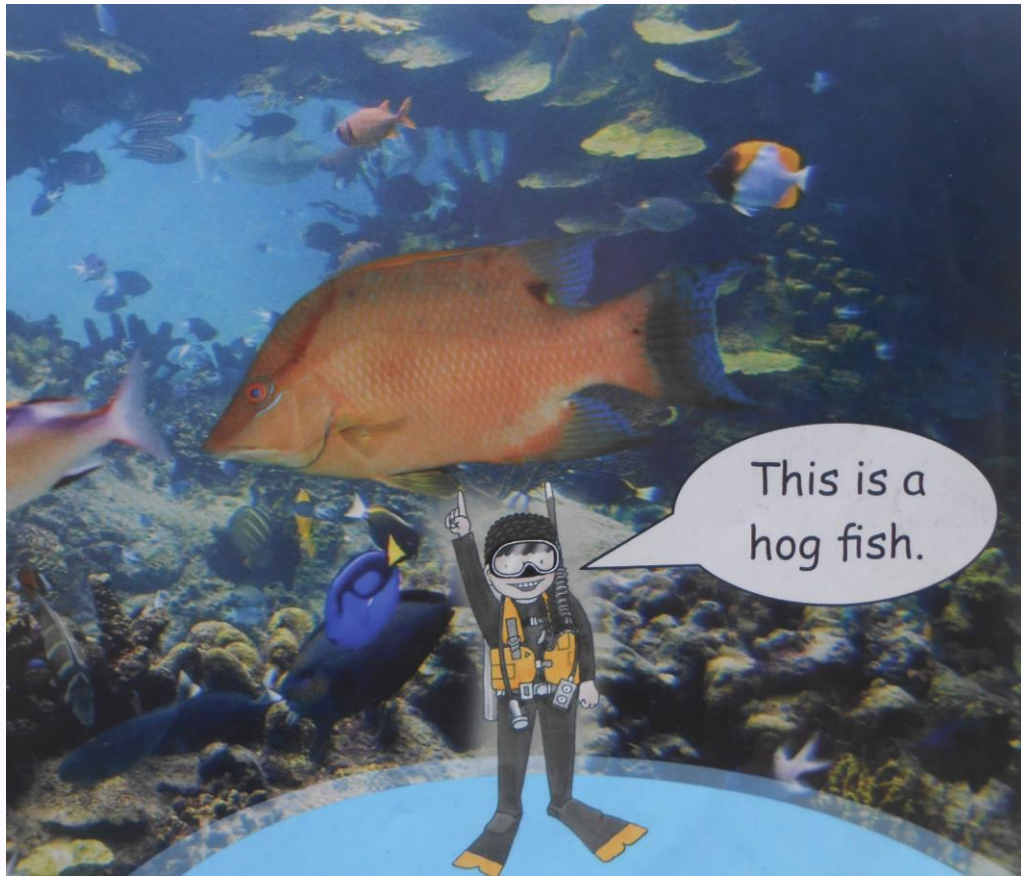

Can you see six big fish?

Lots of fish!

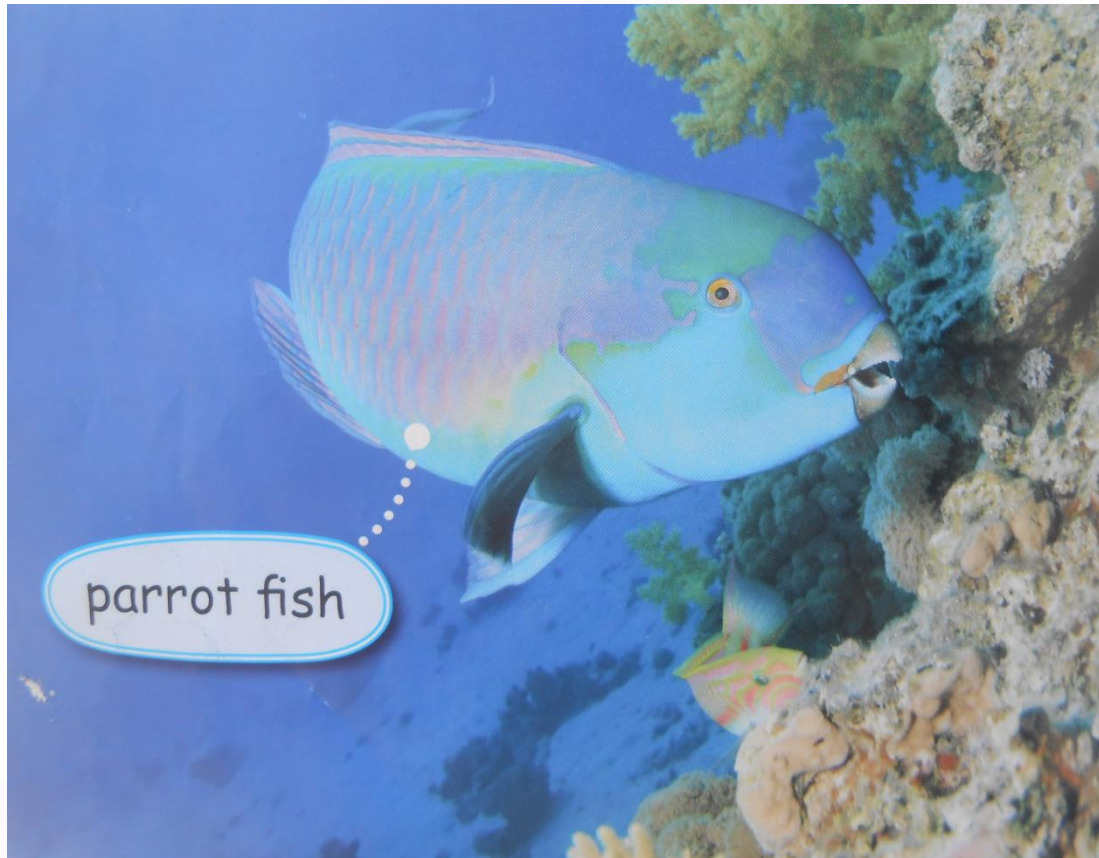

This is coral.

Lots of fish are in the coral.

This parrot fish is looking for food.

**It will shoot off if it
sees this big fish!**

**This box fish zigzags
along. It is looking for
food too.**

This is food for
the box fish.

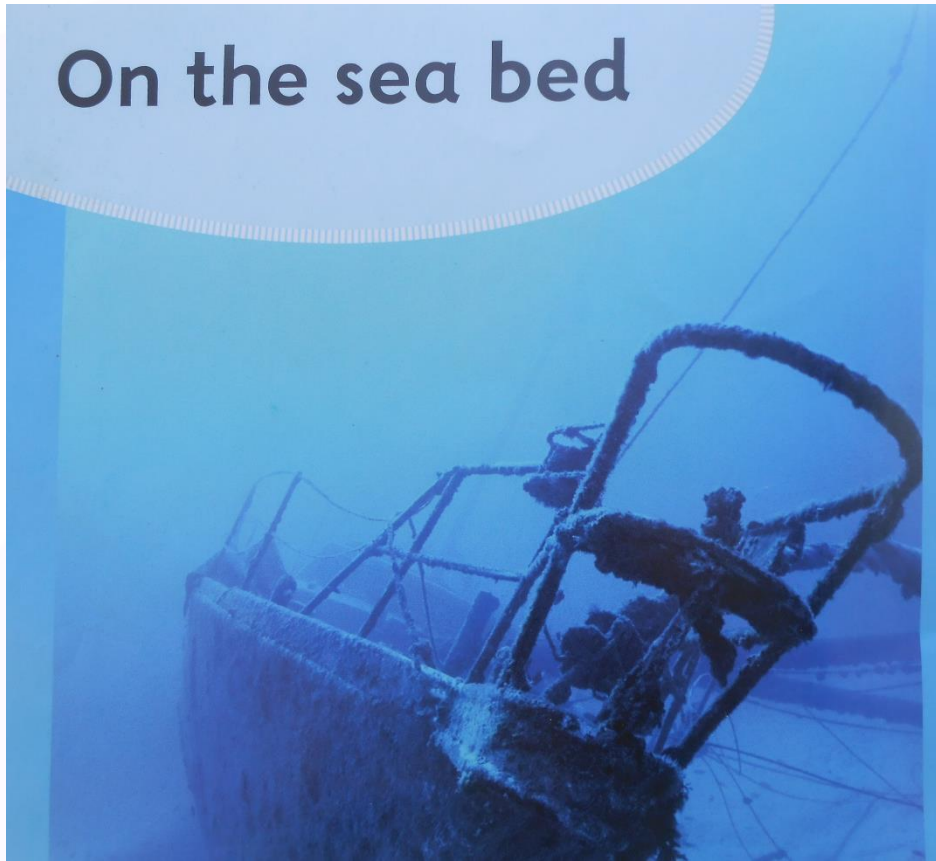

This quick fish has big fins for zipping along.

**The big fish will not
get it.**

On the sea bed

This ship is on the sea bed.

We can go and look at it too.
